Harvey's brother says the TV is too loud.

Harvey can't hear the teacher at school.

Harvey can't hear his football friends, or the ref!

Oh dear!

I don't think he can hear very well.

I don't think he can hear his football friends, or the ref!
The doctor says that Harvey has glue ear which is making it hard to hear and grommets may help.

Harvey is given special medicine which makes him go to sleep and not feel anything.

They wait on the ward. A doctor comes over to check Harvey is feeling ok and have a chat about what’s going to happen.

The doctor looks in Harvey’s ears.

The doctor says that Harvey has glue ear which is making it hard to hear and grommets may help.
Draw what you think Harvey is dreaming about?

And most importantly Harvey can hear during football!

Mum takes Harvey home. He can hear much better now!

Harvey wakes up and has a rest.

The doctor puts the grommets in while Harvey is sleeping.

After the operation Harvey wakes up.

Now everyone can watch the TV together...

The teacher...

See ya!

And most importantly Harvey can hear during football!
